Friendships

There will be friendships
When Monti days are through.
There will be friendships
Between our classes too.
The silver links that bind us,
The spade we give to you
Will always remind us be true.

Next year remember
That though our class is gone,
You'll do your best to carry on.
The things we've worked for,
The things we've stood for all along,
Will make our friendships strong.

DR. HERMAN HEISE
Dean of Faculty and Registrar

Why do we dedicate the Echo to you? Because you came through the doors of Monti at dawn and did not leave until dark, giving your day to youth, at times not a very rewarding occupation.—Because you helped to make this year of 1963 the best ever—because you were there when we needed you most—we give the most precious gift we have to offer—the dedication of a year of work, a year of memories to you, Dr. Herman Heise.

SPENCER T. OLIN, Sc.D., Chairman

Board of Trustees

During the year 1962-63, the Board of Trustees continued to bring about the success in the long range planning of the Program for Progress.

Under the direction of Mr. Spencer T. Olin, chairman of the Board, the trustees meet during the course of each year to study the financial and academic growth of the school. As a group of nationally recognized business leaders, each member is able to carry the influence and prestige of Monticello throughout the country.

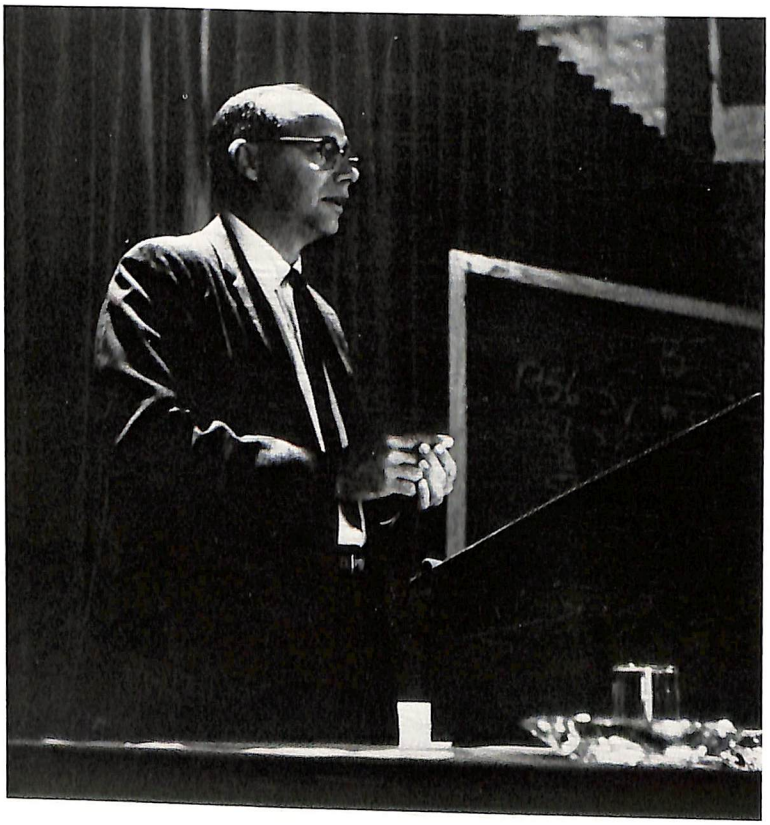
MEMBER EX-OFFICIO, Duncan Wimpress, Ph.D., Godfrey, Illinois, President, Monticello College

HONORARY MEMBER—D. Howard Doan, McCredie, Missouri, Chairman, Board of Directors, Doane Agricultural Service, Inc. (Retired)

The President of Monticello, Dr. Duncan Wimpress, is perhaps the most inspiring and active member of the Monti family. Through his efforts since he came to Monticello in 1959, Dr. Wimpress has greatly raised our status among the nation's colleges for women. During these years the additions to Monticello's curriculum and equipment and the improvement in its admissions policy have been tremendous.

Aside from his regular duties, Dr. Wimpress and other members of his family can be seen handing out cokes at his home, at a Cabin party, or dining with the students.



Working hard for the betterment and progress of Monticello is her Vice-President, Dr. Gail E. Myers. Besides being Vice-President, Dr. Myers also supervises the Public Relations Department and is the director of our Program for Progress. All of these jobs require a great deal of time and knowledge and makes Dr. Myers one of the busiest persons on campus. Despite his heavy schedule, however, he always seems to find time to stop and talk to any student who is in need of his advice.

Mrs. Robert Shewman, Director of the Preparatory School, serves Monticello in many ways. As a friendly advisor to the girls, she counsels them in social or academic problems and maintains individual contact with each and every "Prep" She can also be found joining the students in the fun of their social activities, such as dances or hamburger parties. In official capacity as Director, Mrs. Shewman sponsors the junior class and the Student Council and is a member of the Judicial Board.

Dean of Students

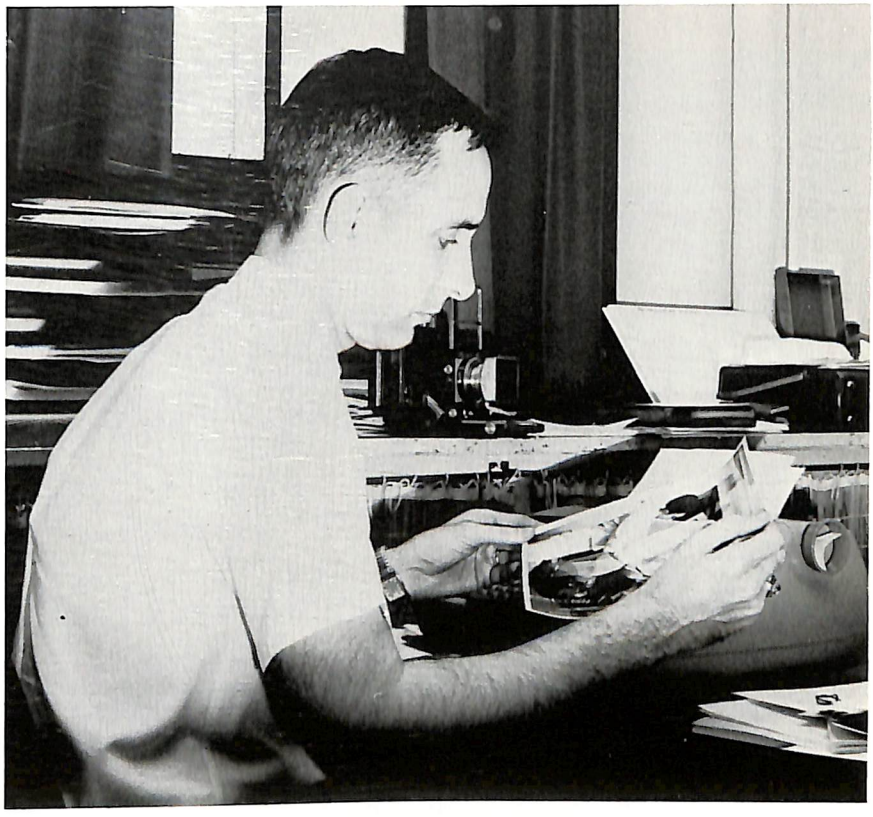
Mrs. Elizabeth Shafer, Dean of Students, joined Monticello just this year. Freely giving of her time, energy, guidance and enthusiasm, she is always available for consultation or just a friendly chat. As the advisor to the junior class, Dean Shafer assists in the preparation and presentation of the George Washington Banquet, and also sponsors the Student Council.

Miss Anne Browne, an alumnae of Monti, is back at Monticello as Social Director of the college. Working with the Heavenly Eleven, Junior Committee, Social Committee, making theatre reservations, and inviting a fraternity to attend our next mixer keeps Miss Browne on the alert for new social ideas and fun.

Crepe Paper, Tape and Males

Miss Suzanne Bergmann, the Preparatory School's new Social Director, is also an instructor in the Speech and Drama Department. With her out-going personality, she has managed to come in contact with both the Preps and the college students. As a consequence, each school has felt the assets of her being here.

With a face familiar to the yearbook staff, Mr. W. F. Starkey performs a valuable service for Monticello. He is kept busy as the Director of Public Information and photographer advisor for our yearbook. He also prepares and distributes the Alumnae Bulletins and Dad's Club Newsletters to inform everyone of student progress and activities. He is easy to find behind the flash of a bulb and his camera and skill are present at almost all of our social activities.



Information Anyone?

The Director of Alumnae affairs at Monticello is Mrs. Ralph Schmidt, whose job it is to keep in touch with all Monti Alumnae during the year. As director she is responsible for supervising Homecoming and Alum weekends and planning Alumnae parties in various areas across the United States. She also conducts fund raising drives for the support of Monticello, and after hours her job continues with Alumnae bake sales and chaperoning the College dances.

MR. ROBERT MARTIN
B.A., M.A.
Director of Admissions

MR. CURTIS DENNY

MISS ANN ALLEN

A larger staff and more stringent admissions policies have come with the supervision of Monticello's new Director of Admissions, Mr. Robert Martin. Mr. Martin maintains an active correspondence with those interested in Monticello, visiting many schools in the different states during the year and talking to prospective students.

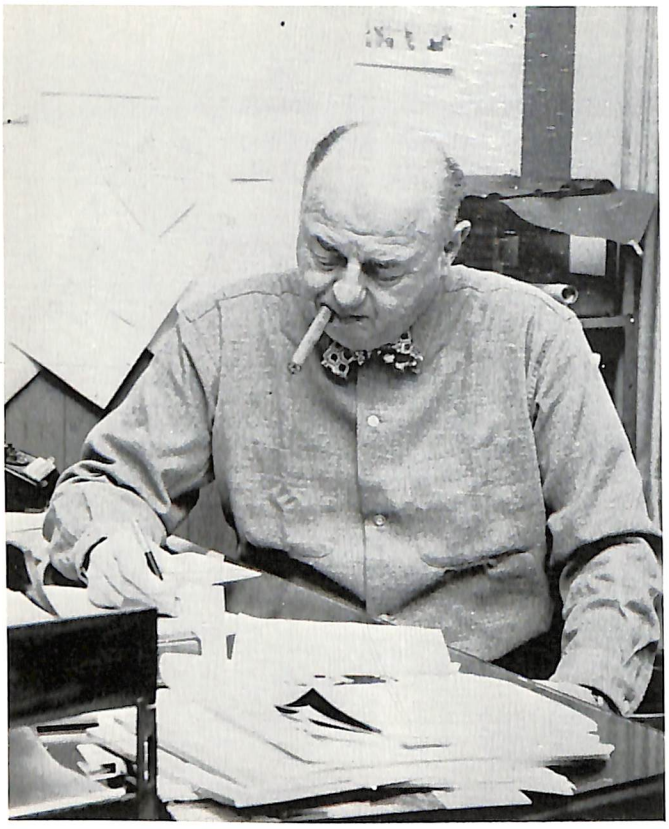
MRS. EVE MAILE

MISS BRENDA BAILEY
B.A., M.A.
Guidance Department

For the first time, Monticello's Admissions and Guidance Department are separate, with Miss Brenda Bailey at the head of the Guidance Department. She prepares the transfer records and recommendations for transfer students and plans the testings, advisor-advisee and master schedules.

MRS. ALDRU RIFFE

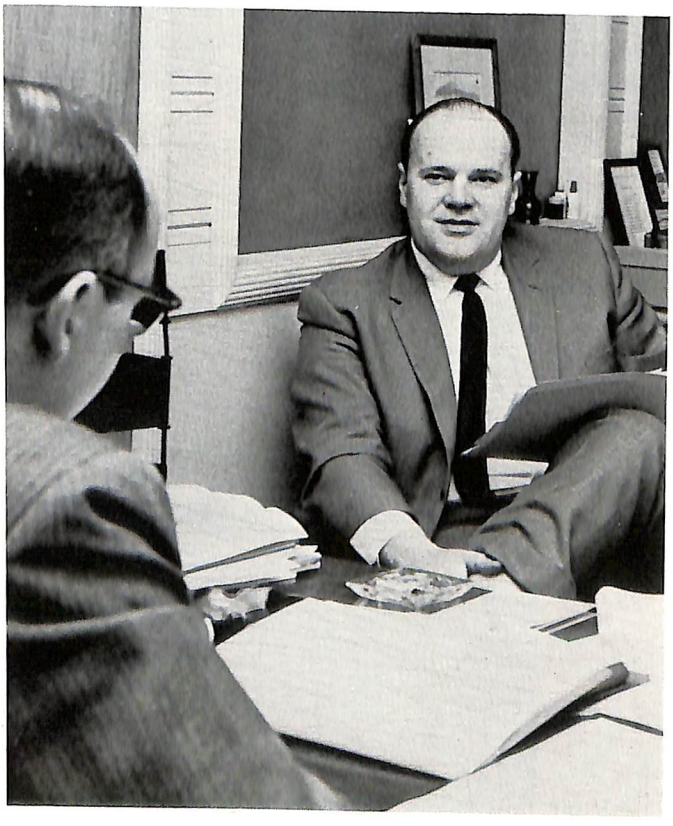
MRS. FLORENCE DUREE



Colonel Sanford Goodman is in charge of Operational Services. He follows the budget set by the Board of Trustees and regulates the Monticello Bank. In addition to these tasks, Colonel Goodman oversees the activities of the post office, the business office, and the cabin. His cigar is a familiar smell and being a jack-of-all-trades, his services are constantly in demand.

Money, Mail, and Bills

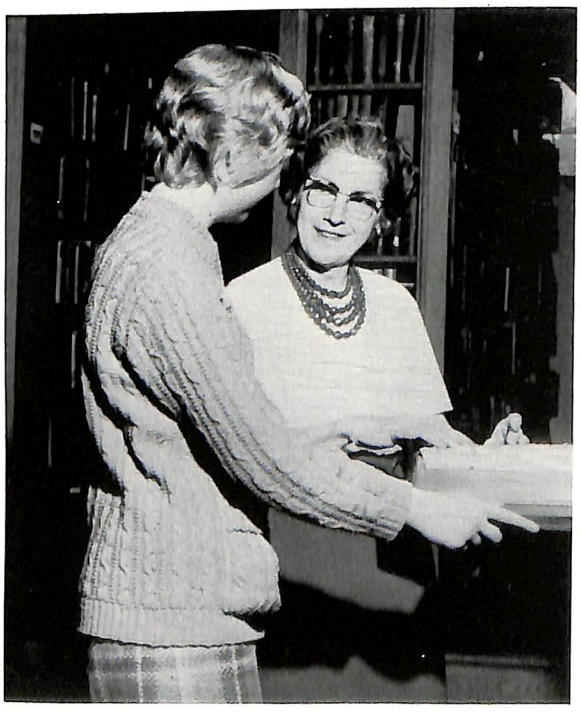
As bursor, Mr. Robert Wharton's job is to follow the flow of money from hand to hand. His almost constant companion is the adding machine; the two of them together make an efficient couple.



To Miss Alvena Closson, head of the housekeeping department, and her staff, the students of Monti give their thanks for a school that always looks neat and clean.

Help to Others

As director of the Monticello library, Miss Sewell has provided the student body with a friendly and efficient atmosphere in which to work. As a most capable librarian, she is always ready to help a student in selecting the books and reference material she needs and can be called upon at any time for help.



Mrs. Musgrove, the head nurse, and her new assistant, Miss Thomas, have become well known to the student body at Monticello, not only because of their flu shots and pills, but also on account of the personal care and interest they take in the health of the Monticello students.

MRS. HELEN GRAY, Business Office

The secretaries at Monticello constitute one of the busiest working forces within the college. Supporting the administration to their fullest extent, the secretaries strive to keep the wheels of Monticello College in good working condition.

Smoothly and efficiently run by Miss Marjorie Dietiker and Mrs. Elizabeth Habekost, the Monticello bookstore is the source for classroom books and supplies. Conveniently located in the hall just off Grand Central, the bookstore also provides many of the luxuries important to college students for both academic and social occasions.

The Fine

Correct enunciation and proper methods for presenting ideas in front of an audience are the primary aims presented to the students by the Speech Department. Class participation in the giving of speeches is the major source of instruction. Drama and play production courses also aid students in the theatrical arts.

Monticello's Music Department offers instruction in both instrumental and vocal music. Music theory and music appreciation are also included in the curriculum as backgrounds for further instruction.

Arts

The Monticello Art Department offers techniques and principles for beginning art students as well as for the more advanced girls. Courses are also included in which the appreciation of art and the history of famous artists are discussed.

The instructors, artists in their own rights, have displayed their works in galleries throughout the world. An art exhibition, given in February displayed their works to the public as well as to the faculty and student body.

English is essential for the sharing of common ideas. To express themselves adequately, the students must learn the fundamentals of grammar, composition, literature, and vocabulary. Each of these areas is skillfully developed in the Monticello English Department in classes of composition and literature courses, including also English, American, and children's literature.

Under the direction of Miss Helen McMahon, the girls find a repeated insistence upon speed, accuracy and neatness in improving their ability of typewriting and shorthand. The Echo staff finds in Miss McMahon an invaluable faculty advisor for their yearbook; an assistant who is willing to help at any and all times.

A Woman's World

Food and clothes are considered a girl's favorite friend and Monticello's Home Economics Department is resigned to correlate the students' thinking in these fields. Covering such topics as nutrition, fashions and interior design, Monti hopes to help girls understand the latest ideas and concepts and be able to apply them to themselves.

With the use of tapes, charts, and conversational books, an emphasis is placed on communication rather than rules and grammar. For the Preps, there is an addition of Latin so they may have the opportunity of combining the classics with the present.

Honors Program

Susan McCulloch, Patricia Garrett, Dr. Herman Heise, Mary Bond, and, first semester, Sallie Swaim

A part of the Monticello academic program which is unique among junior colleges is the Honors and Semantics course. The Honors course is offered to senior students whose grade average and character have been accepted by a faculty committee. The Honors program is designed to enable the student to apply knowledge of her field of interest to the problems of academic discipline.

Dr. Herman Heise conducts the weekly seminars, in which various topics of general education are discussed and examined. Correlated with the weekly reading, every Tuesday evening a lecturer speaks on that week's interest. In order that the entire student body may benefit from this course, each girl is welcome to attend the lecture and the Honors papers written during the year are placed in the library for easy access.

THE COLLEGE

With hearts aware of beauty, loyalty, and dignity, minds ever striving for wisdom and democracy, and willing hands to offer service and friendship to all, these girls have been chosen from the class of 1963 by vote of their classmates to represent the Seven Ideals of Monticello.

Dinner . . . Down Under

Split personalities

Wipe that smile off your face, Junior

. . . And this is only the beginning

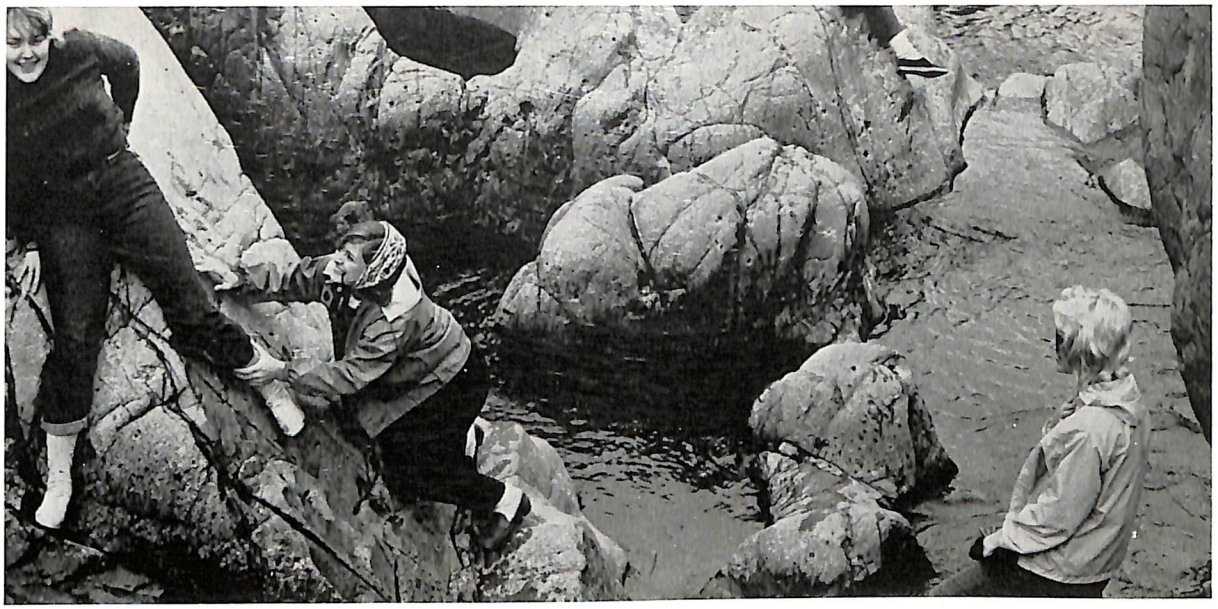
Do they really do all that stuff to us???

I love a parade. G.W.B. Minuet

A busy junior

Straight from Gaslight Square

A little more to the left



But I know I can fly.

"First star on the right and straight on 'til morning"—

"You see here the impression of a beer can."

"Splish splash, I was taking a bath"—

—"And next week I'm leaving for—"

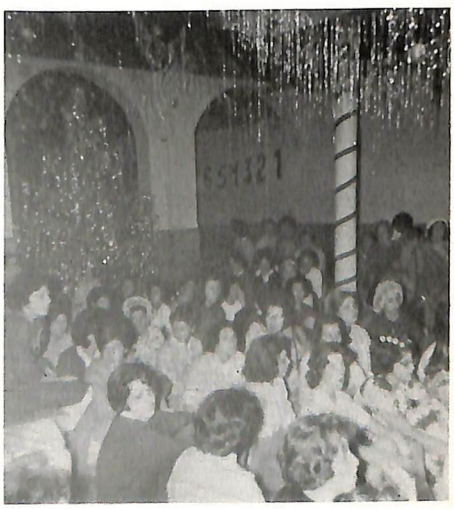
"Now remember who you are and what you represent"

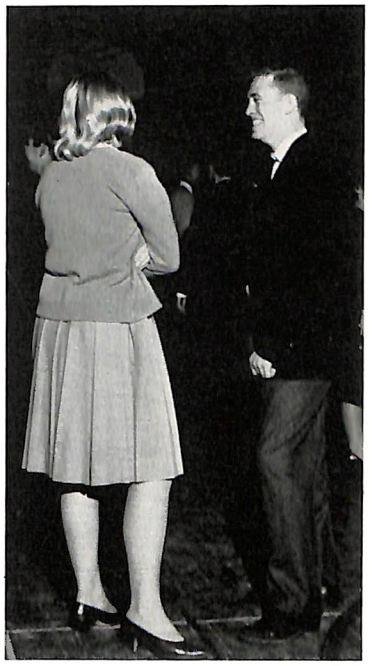
This time let them applaud us first



Boy, am I out of condition

And furthermore . . .

Go, Monti!



And then he said "cheese"

I think I will make him my goal

Look at all those girls!

Recognition Service

Each year the senior class recognizes the junior class on the Sunday following the annual George Washington Banquet and Ball. "We, the Senior Class of 1963, now charge you, the Juniors, with the keeping of the Monticello Scroll, which symbolizes the Seven Ideals of Beauty, Dignity, Democracy, Service, Wisdom, Loyalty, and Friendship. As you accept this Scroll, we recognize you as the Class of 1964."

New to the Monticello campus, the Geology and Pep clubs offer the students an opportunity to broaden their interests. Stretching from sports enthusiasm to the earth's crust, each organization affords the students with chances to travel to other schools and areas in Illinois and Missouri. With their various activities, each group has the opportunity of growing and becoming a main function of the school.

The Social Committee at Monticello upholds fun with planning. Elected by the student body, this group is responsible for the school's many social activities. Choir

CAROL O'NEILL
President

Choir

Directed by Mrs. Prudence Bussey and accompanied by Dr. Robert Oldham, students in Monticello's choir have the chance to train and improve their voices while singing during the many Vesper Services. The choir is also engaged in public performances in the Alton and St. Louis area throughout the year.

Composed and directed by Mrs. Bussey also, Triple Trio consists of nine seniors outstanding in their singing ability. In addition to entertaining Monticello, these girls travel to Alton and St. Louis to sing for various organizations and churches. By their small number they are able to study music more carefully and thus widen their knowledge and ability for future use.

Mr. Martin, with his winning way, is the club's sponsor.

Social Committee

The Social Committee plans various events, for informal mixers with Western, to more glamorous formals. Under the guidance of Miss Bergmann, the sponsor, arrangements are also made to attend cultural events in St. Louis. We owe our exciting and well-planned social activities to the hard work and dedication of the social committee.

Drama Club

Drama Club strives to promote interest in the dramatic activities at Monticello throughout the year. These girls are responsible for the hard work put into the dramatic productions, and the students who work hard enough to earn their ten points are admitted into Thespians at the end of the year.

THESPIANS: J. Howell, B. Kellogg, B. Ludes, A. Yost, A. Milnor, Z. Petersen, D. Burroughs.

Monticello Christian Association has participated in many activities this year which have contributed greatly to the community. The girls collected for the United Fund in the fall, helped with Doll Dinner at Christmas time, sponsored a clothes drive in the spring, and worked throughout the year as volunteers at Alton Memorial Hospital. A year of fun was ended with a picnic at Pere Marquette State Park.

Under the expert guidance of Mrs. Prudence Bussey, the Preparatory School Glee Club practiced diligently each week to prepare for the annual Christmas Candlelight Services and the Spring Concert. The girls enjoyed troup singing immensely, which was proven by the "hour-before-dinner" weekly songfests in the smokers.

Times

The TIMES is here! This cry can be heard when the students receive their monthly newspaper, the TIMES. Each person looks forward to reading about current and past events in the school. We owe a lot to the girls who surrender a great deal of their time in putting out the paper for us.

A.P. Club

The American Problems Club was organized this year in an attempt to promote the student interest in politics, current events and an understanding of the basis of United States government. It is a democratic organization with one unique feature: every person holds an office. The year was highlighted by a trip to the St. Louis Post-Dispatch. The club is sponsored by an experienced and capable advisor, Mr. John MacDonald.

BRENDA SCHUSTER, Military Ball Attendant

The Military Ball, the big social event of the year, was held on March 3. Monticello was very proud to have Branda Schuster selected by the boys as second attendant to the queen.

Class Day 1962

Their faces blurred with tears, the seniors received their red roses in front of Caldwell steps. This marks the time when the senior class duties are handed down to the juniors, and when a last farewell is said to Monti and lifelong friends.

Marlin Club

Queen's Number

Having passed a strict test on strokes and figures in good form, advanced swimmers at Monti are admitted to the Marlin Club. Through hard practice they perfect their abilities even more and present each year a water show during Alum week-end. In addition to the activities on campus, the members travel to other pools for water competition and meets. Their advisor and constant helper is Mrs. Beth Hunter.

Standing: Q. Winchell, B. Owens, W. Rambo, L. Jackson, J. Dixon. *Seated:* L. Davis, B. Boynton, B. Davies.

Dolphin Club

Back row: M. Sterling, N. Black, J. Clark, J. Greenfield, and D. Marner.
Second row: K. Clyne, K. Mulholland, S. Goldberg, and D. Berry.

For the girls who are interested in figure swimming and who have a desire to learn, the Dolphin Club offers them the opportunities to advance. Participating with the Marlin club in the annual water show, they are given a chance to combine their abilities and thus put on a very enjoyable show for the public. Dolphin club, like Marlin, is under the guidance and leadership of Mrs. Beth Hunter.

Over jumps and across the country side, gallop the members of the Riding Club. Under the guidance of Mr. Robert Shewman, these girls have an opportunity of riding at shows presented on campus and at other arenas. They increase their abilities and spread the name of Monticello in other areas.

You know, they're sort of cute?

Every other year Monticello's faculty presents a show to display their array of different talents. Stretching from melodrama to surgery, the students are able to see in this private showing our faculty at ease, away from the gloom of books and hardships of classroom instruction.

The president has to do everything.

So this is what Monticello has to offer!

A battle to the end??

Under the direction of Mr. Kenneth Waters this year's drama department presented *Royal Gambit* as the fall play. Using Alton as well as Monticello talent, this story of Henry VIII gave a portrait of modern man through history. *The Clown Prince of Wonderlust,* a play for children given at Christmas time, delighted the adult audience as much as the students. Directed by Miss Suzanne Bergmann, this play later traveled to other schools.

Whether you knew it or not, almost every day of your school year you've used a product made by Olin Mathieson, or one that Olin Mathieson helped to make.

When Olin Industries, Inc. merged with the Mathieson Chemical Corporation in August, 1954, they brought together the skills, facilities and resources of two of the country's most rapidly expanding industrial organizations.

We extend our best wishes to you. May the future bring you all you've hoped for and everything for which you have worked.
